BIG BUSINESS IN FILIBUSTERING.

U. S. & Montgomery Watching Several More Than Suspicious Vessels.

Pensacola, Fla., Dec. 21.—There was considerable activity on board the United States steamer *Montgomery*, owing to information having reached her commander to the effect that several suspected filibusters were in the harbor.

All the boats of the *Montgomery* have orders to fire to blank cartridges to bring to any suspected vessel, and upon her neglecting to stop, a third shot, this time a loaded shell, is to be fired.

The *Somers N. Smith*, a pilot boat, a vessel called the *Britannia*, and a schooner are unloading here under official supervision.

The *Smith* is said to have run several successful expeditions in the past, having escaped the *Montgomery* once, and as she came in from sea on Thursday night, and has been taking on board all day long a cargo of some description, an unusual proceeding for a pilot boat, the *Montgomery* intends to follow her, as soon as she gets under way.

The *Britannia* and the schooner have also been taking a cargo of boxes, supposed to be ammunition, etc., on board, and it is reported that the *Dauntless* is waiting somewhere outside the bar, in order to ship the munitions at sea. It will thus be seen that a well organized expedition to Cuba is apparently being equipped here.

M. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes:

I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."
